

"Nishan's Transformation Through Support "

Nishan Chaudhary, a boy with Cerebral Palsy from Belbari, Morang, was bed-ridden and unable to perform daily activities. During a screening by the Disability Prevention and Rehabilitation Program (DPRP), his outdated disability card was updated in Magh 2077 B.S., and rehabilitation goals were set.

He gets regular physiotherapy, nutritional support, and assistive devices. He is thriving academically and is a member of the inclusive child club. His family participates in the Milijuli Samuha, a saving and credit group under the program and they received an agricultural loan through the Belbrikshya Disability Cooperative Limited.

Nishan's story shows how timely support can uplift children with disabilities and their families.
